Home open cancelled!! Negotiations underway!!!

This large family home is sure to impress.

I have been to many townhouses and the design of this home is immaculate.

The hustle and bustle of everyday life is kept on the ground floor where the large U-shaped kitchen with a breakfast bar is located.

There is also plenty of space for a large living and dining area, something that has been sorely lacking and missed in new builds and developments.

On the first floor, the family can look forward to retire into good sized bedrooms, not those small boxes.

The master suite is built for a king with a massive walk-in-robe and ensuite with double vanity for him and her.

The clever design allows for a study nook in the passage way where there are 3 other bedrooms and another bathroom which also has its own double vanity so the kids get the same luxury as mum and dad.
